

Global ESG Reporting Specialist

Chrysal International BV, part of OAT Agrio Co. Ltd (a Japanese listed holding) has been the driving force in the flower and plant industry for decades and is the global market leader in the field of flower food. Whether you grow, transport, sell or enjoy flowers or plants at home, Chrysal has the best solutions to keep your flowers and plants beautiful and fresh for longer. Through continuous innovation, a strong focus on quality and a continuous search for sustainable solutions, we strive to exceed the wishes of our customers – today and tomorrow. With the aim: the best care for flowers and plants, satisfied consumers and ultimately a more beautiful world and sustainable business.

At the moment we are looking for a

Global ESG Reporting Specialist

to build a solid ESG framework and ensure compliance with CSRD EU Directive. Reporting to the Global Internal Auditor Manager.

As the Global ESG Reporting Specialist you will report to and support the Global Internal Auditor Manager in the ESG planning and control cycle, as well as preparation of the annual report in accordance with CSRD. There is a lot of potential for growth in this job, as the importance of ESG reporting is increasing in response to societal expectations and related legislation such as the EU CSRD.

Your role

- You monitor, analyze and understand the impact of current and developing ESG reporting according to Chrysal's CSRD Roadmap requirements, including relevant gap-analyses and tangible reporting deliverables;
- You assist in the development and maintenance of auditable CSRD data collection and control framework, in close cooperation with the source departments such as Group Control, Finance and HR;
- You develop relevant implementation plans in line with the required and selected CSRD reporting standards and in close cooperation with key stakeholders.
- You assist in the ESG planning & control process. This includes: assisting in the development of new meaningful ESG metrics and targets, preparing internal communication and reporting instructions, supporting auditable ESG data collection, reporting and consolidation.
- You prepare specific CSRD disclosures for the annual report.

Your track record

- You have a relevant HBO (Bachelor level) degree in for example Sustainability, Business administration or Finance and preferably working knowledge in ESG reporting and audits;
- Knowledge of the current sustainability reporting regulations such as CSRD EU Directive, ESRS, EU Taxonomy etc is a big plus;
- You have advanced analytical skills and experience in qualitative and quantitative data analysis.
- Excellent English verbal and written communication skills (Dutch is a plus).
- You are a team player with a sustainability oriented mindset.

Are you a starter on the labor market? If you are interested in sustainability, data and finance, we also invite you to apply for this challenging job.

Global ESG Reporting Specialist
