

## Product sheet – Chrysal Premium Powder Stick

### General

- NEW Chrysal Premium Powder Stick with an improved formula for longer vase life compared to any other flower food.
- Available in loose stick, string and twinpack in the following formulations: Rosa, Fairtrade Rosa and Mixed bouquet.
- The Premium Powder Stick characteristics are:
  - \* Formula with **improved vase life**
  - \* Premium **easy to open** packaging
  - \* Available on string for **automatic application**

*Enjoy your  
flowers longer!*

### Effects

- Increases **vase life** significantly compared to water alone.
- **Lowers** the **pH** of the water.
- Dissolves **clearly** and **without odour** in water.

### Applications

- To be used by high stock rotation companies.
- Available on string for automatic application. This application can also be used for sachets on strings.
- Available as twinpack for topping up or refreshing the vase water.

### Savings

- Automatic application reduces labour costs.
- Added quality value at low cost per stem.
- Reduces the number of possible consumer claims.

### Recommendations

- Store under cool, dry and dark conditions, preferably between 5°C and 25°C.
- Shelf life: 9 months when stored under the right conditions.
- PH of the ready to use solution: 3.5 – 5.5 depending on the alkalinity of the water.
- Dosage: Available in sticks for 1 litre of water.
- Do not use in unprotected metal vases (zinc, copper, iron) or (antique) crystal vases.
- If necessary top up vase with water containing Chrysal Clear cut flower food (twinpack if available).
- Residual solutions may be drained into the sewer system.
