

Product sheet – Chrysal Customised Sachet

General

- Unique possibility to have your own business card on a bunch of flowers.
- A way to distinguish yourself from other florists.
- Offers a flexible response to special occasions e.g. Valentine's Day or Mothers Day.
- Can be ordered in small quantities, minimum of 2,000 sachets per design (2 boxes of 1,000 sachets each).
- Available in universal powder sachets for 1 L of solution.
- Contains Chrysal's improved flower food for maximum performance.
- Supplies all the necessary nutrients to all arrangements, either as straight line or as mixed flower varieties.
- Increases vase life by up to 60% compared to water alone.
- Easy: create your own flower food sachet online at custom.chrysal.com.

Effects

- Improves flower opening, colour and leaf quality.
- Vase life guarantee of over 7 days possible.
- Lowers the pH of the water.
- Dissolves clearly and without odour in water.

Applications

- Suitable for all types of tap water.
- No need to change the water or to re-cut stems during the period in the vase.

Savings

- Reduces flower wastage.
- Reduces the number of possible consumer claims.
- Added quality value at low cost per stem.

Recommendations

- Store under cool, dry and dark conditions, preferably between 5°C and 25°C.
- Shelf life: 18 months when stored under the right conditions.
- PH of the ready to use solution: 3.5 – 5.5 depending on the alkalinity of the water.
- Dosage: 1 sachets for 1 litre of water.
- Do not use in unprotected metal vases (zinc, copper, iron) or (antique) crystal vases.
- If necessary top up vase with water containing Chrysal flower food.
- Residual solutions may be drained into the sewer system.
